2024-2025  
**ANNUAL REPORT**

**MISSION**

To enhance and elevate the education  
experience at Spencer County Public Schools.

# A LETTER FROM OUR PRESIDENT

The Spencer County Educational Foundation was created with a simple mission – to enhance and elevate the education experience in Spencer County Schools.

In 6 years, thanks to your support, the SCEF has impacted students in the district by pouring over \$310,000 back into our schools. We have awarded 120 grants to teachers impacting their classrooms and, in some cases, the entire grade or school! We've also had some fun along the way with our annual event, Denim and Pearls, an evening where the community gathers for dinner and live music, all while raising support for a great cause.

As we start our 7th year, we are grateful for your partnership and generosity to make a difference for each student as we continue to fulfill our mission. Each year our requests grow and the need is greater. Our goals continue to get bigger so that we can continue to make a lasting impact.

Again, thank you for your support. YOU are making the future bright for Spencer County Schools.

- Sara Brown | President

### Hillview PAX Lab

Hillview, which is our district's alternative school, is creating a space for career-focused modules that allow for hands-on skill training, career research and collaborative student work. The SCEF granted \$20,000 to support the start-up of this space, which has purchased modules in the following areas:

Intro to Culinary Arts • Emergency Medical Technician (EMT)  
Home Maintenance Fundamentals • Welding • Plumbing • Electrical
